PATAPSCO GUANO
20 Different Planters with Entire Satisfaction to each.
The gentlemen who conducted the correspondence, have since stated that the results have exceeded that of any other fertilizer they had ever used.
The article sent them had less organic matter than our present make, by ONE-HALF, but in other respects the same. They used about 300 to 400 pounds to seed 300 pounds of mixture, and applied according to the wants of the soil.
This is not what is termed "Acid Phosphate," but like the regular "PATAPSCO GUANO," a "COMPLEX ARTICLE," and differing from it only in the relative quantities of its constituents. It being combined with use in connection with Cotton seed, it has less ammonia than "PATAPSCO," but is fully equal in every other respect, therefore, when used in that way upon exhausted and other soils deficient in organic matter, it will make a maximum crop even on such lands.
For use on soils having present vegetable matter, it can be applied without seed. It is best to bring the fertilizer near the surface, so the young plant may receive benefit and its properties distributed for later wants of the crop.
This article has been on trial in Maryland for several years, where large quantities are now sold. Last year we sold a "Club" in North Carolina, where 100 TONS FOR COTTON, which was used by more than
We have received direct from the Company, by steamer via Port Royal, a fresh supply of this
RELIABLE FERTILIZER!
The results of the past season demonstrate, beyond question, that its former reputation has been fully sustained, and we are assured by
Dr. G. A. Liebig & Geo. W. Grafflin, Esq.,
gentlemen of the highest integrity, who are jointly the sole managers and principal owners of this article, that KERRY is the best fertilizer of its kind in the world.
We annex a few certificates and extracts of letters received by the Company and selected from their correspondence as a fair specimen of the whole.
ADAIR & BROTHERS,
Atlanta, Ga.
AUGUSTA, GA., January 27, 1875.
Geo. W. Grafflin, Esq., Treasurer Patapasco Guano Company:
Dear Sir:—My reference before the committee was decided in character. Since 1868 I have used your fertilizer, and in every year, but only in one instance, I have not used it. The party referred to I afterwards found had intentionally done so. I can say as you deem best. Yours truly,
M. A. STOVALL.
PATAPSCO GUANO COMPANY, Baltimore.
GENT:—I take pleasure in certifying that my firm received in September, 1874, 56 barrels of "PATAPSCO GUANO," direct from the Company, and sold 54 of same to 18 farmers in this and this county. Every man had good, no complaints made, and a majority stated that they had never used an article that paid them better. The above was the result of the use of your fertilizer, and I am glad to state that the same was the result of general satisfaction, and is regarded by planters as a good and reliable fertilizer. I have been over twelve years in the guano trade, and have never sold a lot that has given more general satisfaction. Respectfully,
RALPH H. L. C. BREWER & SON.
Mr. G. W. Grafflin, Treasurer Patapasco Guano Company:
DEAR Sir:—I give you pleasure to state that we have sold your Patapasco Guano for past three years, to our customers, with entire satisfaction to them and ourselves. We have used your fertilizer, and in every year, but only in one instance, I have not used it. The party referred to I afterwards found had intentionally done so. I can say as you deem best. Yours truly,
M. A. STOVALL.

M. A. STOVALL.
PATAPSCO GUANO COMPANY, Baltimore.
GENT:—I take pleasure in certifying that my firm received in September, 1874, 56 barrels of "PATAPSCO GUANO," direct from the Company, and sold 54 of same to 18 farmers in this and this county. Every man had good, no complaints made, and a majority stated that they had never used an article that paid them better. The above was the result of the use of your fertilizer, and I am glad to state that the same was the result of general satisfaction, and is regarded by planters as a good and reliable fertilizer. I have been over twelve years in the guano trade, and have never sold a lot that has given more general satisfaction. Respectfully,
RALPH H. L. C. BREWER & SON.
Mr. G. W. Grafflin, Treasurer Patapasco Guano Company:
DEAR Sir:—I give you pleasure to state that we have sold your Patapasco Guano for past three years, to our customers, with entire satisfaction to them and ourselves. We have used your fertilizer, and in every year, but only in one instance, I have not used it. The party referred to I afterwards found had intentionally done so. I can say as you deem best. Yours truly,
M. A. STOVALL.
